

DENVER CO

JULY 4 - JULY 11, 2021

GENERAL INFORMATION ABOUT THE TRIP:

Hosted by Dare2Share Ministries, Lead The Cause (LTC) is a week-long mission trip where students are trained as leaders for THE Cause of Christ (to go and make disciples - Matthew 28:19-20). This is a week of intensive, transformational, and practical evangelism and discipleship training that will challenge students to discover and apply Christ's call to make disciples in our student ministry, school, and community. LTC will seek to train up students who will lead their peers to reach their generation with the Gospel. Because of this focus, we will return with a specific plan and strategy for how we will bring the Gospel message to our community and student ministry here in Cedar Rapids. Students on this trip will be charged with helping implement and lead this strategy in our group, and invite other students to help us realize this strategy during the following school year.

Those who attend LTC should understand that this trip is not your typical "week of summer camp", but instead an immersive, intentional week of evangelism, discipleship, and Gospel-centered training & preparation, with hands-on opportunities and experiences that will equip and prepare us to carry on this mission when we come home. Time will be spent in large group settings, workshops, and "in the field" to learn the principles and ideas that will help us realize this mission.

This week of training will be hosted at Colorado Christian University, located in Lakewood, CO (outside the Denver metro area). We will leave Cedar Rapids Sunday morning, July 4, and spend the night at a hotel before arriving onsite at Colorado Christian University on Monday. At the conclusion of LTC (Saturday morning), we will travel to spend part of the day debriefing our week at LTC and enjoy some hiking and exploring the area. We will spend Saturday night, July 10, at another hotel, debriefing and finalizing our "take home plans", before returning home to Cedar Rapids Sunday (exact time: TBD).
